House Committee on Education
Representative Roy Takumi, Chair
Representative Takashi Ohno, Vice Chair

February 4, 2015

Dear Chair Takumi, Vice Chair Ohno, and Committee Members:

This testimony is in support of HB95, which replaces the running start program and jump start program with dual credit programs.

The Hui for Excellence in Education (HE'E) is a diverse coalition of over 40 parent and community organizations dedicated to improving student achievement by increasing family and community engagement and partnerships in our schools. Our member list is attached.

The Coalition understands that having a post-secondary degree gives choices to our youth, allowing them to prepare for jobs in our workforce as well as challenging them with higher-level thinking. However, we hear that many students do not think that college is an option because they do not have the confidence or the financial support. Jump Start and Running Start Programs have allowed high school students to experience college classes, start accumulating college credits and gain the confidence that they can succeed in a post-secondary program. We applaud these programs for giving students the opportunity and exposure while still in high school.

We support this bill, which expands the eligibility to 9th grade, giving more students the opportunity to participate in the dual credit programs. In addition, we support the financial appropriation, which will allow students to participate in dual credit programs tuition free. From a parent, family and student perspective, the cost of college tuition is extremely daunting. If a student can participate in their high school years to gain college credits tuition free, it eases the burden on families and the student, especially for those families and students who are contemplating pursuing a post-secondary education because of costs.

Thank you for the opportunity to testify. Our support of this bill represents a 75% consensus or more of our membership.

Sincerely,

Cheri Nakamura
HE'E Coalition Director
