Senate Committee on Ways and Means
Senator Jill Tokuda, Chair
Senator Ronald Kouchi, Vice Chair

March , 2015

Dear Chair Tokuda, Vice Chair Kouchi, and Committee Members:

This testimony is in support of SB858, which establishes a five-year evidence-based physical-activity and nutritional-education pilot program within the A+ Program in Hawaii's public elementary schools.

The Hui for Excellence in Education (HE'E) is a diverse coalition of over 40 parent and community organizations dedicated to improving student achievement by increasing family and community engagement and partnerships in our schools. Our member list is attached.

One of the priorities of the Coalition is to address the basic needs of a child in our schools; health and well-being are part of those basic needs. We understand that for some students, the physical activity provided in the Fun 5 program may be the only type of organized physical activity they experience in the day. In addition, the program teaches about nutrition, so that children start to understand the importance of healthy food and good nutrition. Well-being at the elementary school level sets a foundation for continuing a healthy lifestyle as a child grows older. We also like that there will be data collection and evaluation of the program's effectiveness.

Thank you for the opportunity to testify. Our support of this bill represents a 75% consensus or more of our membership.

Sincerely,

Cheri Nakamura
HE'E Coalition Director
