PARKING

Parents and visitors may park on campus during the “Meet & Greet.” Teachers and staff will park at the Enzian. We have allotted approximately one and one-half hours for each grade level’s event. Because parking can be so difficult, we will need to ask attendees to try to visit all of the stations and classrooms

within that time frame so that the next group of parents will be able to park on campus as well. We sincerely appreciate your help with the parking limitations!

AT THE “M&G”

Please go directly to the gym (or A.A.C. building) first, where you will check in and receive a map showing your child’s Homeroom classroom on the opening day of school. You can browse the vendors and items for sale or you can return to the gym after visiting your child’s classrooms.

In the Homeroom classroom, you will meet the teacher and pick up various important items, such as class schedules, a list of students, and a tote bag for K-4 - grade 2 students that can be decorated at home.
