TVMSC is a unique learning community that serves students who have a strong interest, ability and a desire to excel in mathematics and science. The program serves students starting in 4th grade, multi-aged, highly challenging science, mathematics and applied research classes. Teacher's instruction involves research-based, hands-on investigations integrating mathematics, science, communication and technology.

- Fully Qualified Applicants will be placed onto the 2015 – 2016 Student Registration List, along with Current TVMSC students who are maintaining adequate performance within the current school year. Through this process TVMSC will be bringing into the program those students whose Applicant Screening indicates that they are highly qualified for success in TVMSC.
- Semester grades for all TVMSC courses will appear on a student's High School Transcript except for Acc. Earth Science, Conceptual Physics, and Intro to Research. These will show on the student's Junior High Transcript.
- Students who screen but have 'Teacher Recommendations' indicating weak work habits/school performance or who lack adequate foundational course work will be added to the Wait List for the 2015 - 2016 school year. These 'Conditional Students' will need to attend the appropriate mathematics course within Boise School District's Summer School program, (no online classes) in order to then be moved from the Waiting List into the Active List of Registered Students for TVMSC's 2015 - 2016 year.

Course Sequence

- 7th Cohort – Integrated Acc. Algebra 1, Conceptual Physics, Intro to Research (*fulfills 7th grade reading requirement*)
- 8th Cohort – Integrated Acc. Geometry, Acc. Earth Science, Acc. Biology
- 9th Cohort – Integrated Acc. Algebra 2, Chemistry, Applied Research 1 (*fulfills 9th grade reading & writing requirement*)
- 10th Cohort – Acc. Pre-Calculus, AP Physics, (choice of a course from 11th/12th list)
- 11th & 12th Cohort ...choices of the following – AP Computer Science, AP Calculus AB/BC, Discrete Math, Differential Equations, AP Statistics, Astronautics, Multivariable Vector Calculus, AP Environmental Science, AP Biology, AP Chemistry, AP Physics C, Advanced Computer Science: Algorithms & Game Design, Forensics, Pre-Engineering, or Internship

Applicant Orientation Night at Riverglen JH 6801 N Gary Lane, Boise 83714

Join us to learn more about TVMSC as an educational option

February 26 or April 9, 2015 ~ 7:00 – 8:30 PM

Applicant Screening Dates at Riverglen JH, 6801 N Gary Lane, Boise 83714

Saturday, February 28, 2015 ~ 8:00 AM – 12:30 PM

Saturday, April 11, 2015 ~ 8:00 AM – 12:30 PM

For information about the admissions process please visit the TVMSC website.
