

*“Every year, more than 250,000 children, youth and adults go through one of our ELCA camps. In addition, approximately 3,500 young adults work at these camps, gaining skills in adventuring and leadership, while experiencing personal transformation in Christian community. Camps represent one of the finest ministry designs to help young people discover their vocation and live as disciples. So how do we support camp moving forward? How can we steward this incredible resource?”* A quote from “Moving Camping Forward: Innovation for Renewal” by Dr. Paul Hill

The SW MN Synod is blessed to have four outdoor ministry sites that serve congregations of the synod – Luther Crest Bible Camp, Green Lake Lutheran Ministries, Camp Onomia and Shetek Lutheran Ministries. Your camps are wonderful places for discovering and building faith and for renewal. These outdoor ministries have programs for all ages – family camps, elementary/jr. high/sr. high youth camps, grandparent camps and also retreat opportunities all year round for families/adults/congregations. Camp can also come to you through day camp programs hosted in congregations.

We encourage you to explore the many opportunities available through your camps –
