

What Is Commissioner Tools?

Commissioner Tools is a new tool available on the new my.Scouting Tools for many Councils. It's intended to help Commissioners better perform (not change) current functions by improving efficiency and easy access of information. A few examples of what can be done in Commissioner Tools:

- **Assign commissioners to units.**
- **Record contacts.** A commissioner is most effective through frequent contact with their units so they can build a friendly and trusting relationship.
- **Roundtable administrations.** Plan, record attendance, and monitor effectiveness.
- **Conduct assessments to help a unit improve.** In concert with the Unit Service Plan and Journey to Excellence (JTE), the tool provides the ability to record the results and build action plans that may access and incorporate district, council, and other resources beyond the unit.
- **Monitor a unit's progress.** Access unit information.

Not all functionality will be available in the initial release of Commissioner Tools, and BSA will continue to add enhancements based upon your input.

As a Commissioner, be sure to review what is available pertaining to Commissioner Tools on the Boy Scouts of America website as well as in my.Scouting Tools. Be sure to take the on-line training when available and feel free to contact your District Commissioner if you have any questions regarding Commissioner Tools.
