- (3) For eligibility in a Sectional STARSkate competition, please note the following restrictions:

COMPETITIVE SKATERS: Skaters registered* to compete in any event at the Novice or higher level at a Sectional or Sectional qualifying competition, do not qualify to compete in the Sectional STARSkate Championships in any category at any level. Skaters registered to compete in the Juvenile and Pre-Novice level at a Sectional or Sectional qualifying competition may register to compete in event categories at the STARSkate level other than those competed in at a Sectional or Sectional qualifying competition. Please see the table below for the qualifications for entry.

**For purposes of interpretation of this regulation, registration for a Sectional or qualifying event is defined as the submission of a registration form for such event.*

Competitive Category (registered for at Sectionals or Sectional qualifying event)	Events that may be entered at the Sectional STARSkate Championships (or qualifying event)
Novice and higher in Singles, Pairs and Dance	No events
Juvenile / Pre-Novice Competitive Dance	Free Skate, Pairs, Interpretive, Skating Skills, Triathlon
Juvenile / Pre-Novice Competitive Singles	Pairs, Dance, Interpretive, Biathlon, Skating Skills
Juvenile/Pre-Novice Competitive Pairs	Free Skate, Dance, Interpretive, Skating Skills, Biathlon, Triathlon
Competitive Synchronized Skater	All events

- (4) **TEST AND AGE PREREQUISITES:** Competitors wishing to enter the 2015 *Skate Canada: Alberta-NWT/Nunavut* STARSkate Championships and events leading to it shall meet the test requirements to compete before **January 30, 2015** preceding the competition. Age requirements shall be met before **July 1** preceding the competition.
- (5) **COMPETITIVE SINGLES TEST EQUIVALENCIES IN THE STARSkate PROGRAM:** As regulation 4000 –E – 3.1 states, skaters passing free skating tests in the competitive test system are granted equivalencies for regular free skating tests as follows:

Juvenile Competitive Singles Test = Junior Silver Free Skating Test
Pre-Novice Competitive Singles Test = Senior Silver Free Skating Test
Novice Competitive Singles Test = Gold Free Skating Test
Junior or Senior Competitive Singles Test = Gold Free Skating Test

Skaters who have passed any of the competitive test equivalencies must enter the STARSkate Championships at the level corresponding to their highest STARSkate test passed or at the level which they received the equivalency in the STARSkate Program, whichever is higher.

- (6) Skaters may participate in either the 2015 Skate Canada: Alberta-NWT Nunavut STARSkate Championships or the 2015 Skate Canada Adult Figure Skating Championships, but not both.

If an adult skater chooses to enter STARSkate events at the 2015 Skate Canada: Alberta-NWT/Nunavut STARSkate & Adult Championships, they will not be permitted to enter the 2015 Skate Canada Adult Figure Skating Championships being held April 3 – 5, 2015 in Calgary, AB. Skaters are permitted to enter Adult events at the 2015 Skate Canada: Alberta-NWT/Nunavut STARSkate & Adult Championships and still enter the 2015 Skate Canada Adult Figure Skating Championships.

- (7) In the case where the test requirements deadline for the event is **January 30, 2015**, skaters may skate up in the free skate categories if desired. Skating up is not permitted in the Triathlon and Interpretive events.
- (8) Entrants in the Triathlon events must register to compete in the highest level that their test qualification qualifies them for. For example, a skater who has passed the Senior Silver Skating Skill, Bronze Interpretive and Senior Silver Free Skate must compete in Silver Triathlon and can not skate in Bronze Triathlon.
- (9) Should a Free Skate, Interpretive or Skating Skills event have only one entry, the skater will be given the option to skate at the next level or skate an exhibition

EVENT SPECIFICATIONS

- (1) **EVENT COMPOSITION:** In normal circumstances, each category at the competition must be held for men and women separately. It is permissible for events that do not progress skaters on to a subsequent level of STARSkate Interclub competition to combine events as follows:
- (a) Combine two or more categories in the same event when each category has fewer than three entries;
 - (b) Combine two or more categories in the same event when one category has insufficient entries to hold the event;

The decision to combine events is at the discretion of the technical representative and the host committee.

In any of the above cases, categories may be combined – only with full prior knowledge and agreement of all competitors affected.

- (2) **GROUPING SKATERS BY AGE:** The following guideline is suggested for grouping skaters:
- (a) For events that require grouping because of a large number of entries, the following procedure may be used:
 - (i) In a category that does not progress skaters on to a final round, skaters may be divided and grouped according to age.
 - (ii) In an event that progresses skaters on to a final round, skaters in the same category must be divided and grouped by random draw.

PRACTICE ICE

No practice ice will be available.

Upon on-site registration, skaters are not permitted to skate on any ice surface other than the official competition ice as is scheduled for the event.

RESULTS CALCULATION

Please note that the CPC judging system will be used for all events, with the exception of STAR 4 – 5 categories, which will be judged based on the STAR Event Management Guide, and Special Olympics events, which will be judged using the 6.0 OBO marking system.
