# MEET THIS YEAR'S KINDERGARTEN GENERAL STUDIES TEACHER

Hello! My name is Miss Brandecker or Miss B. I am no stranger to the Silver Academy, as I have been a regular substitute teacher here since the spring of 2013...in every classroom! Last year I worked as a long-term sub, teaching several weeks in the 1st and 2nd grade GS class, 8th grade History class, and 6th, 7th, and 8th grade Math classes. During my time at Lebanon Valley College, where I earned a Bachelor's Degree in Elementary Education, I spent most of my classroom training and student teaching in Kindergarten classrooms. I am very happy to be teaching this grade here at The Silver Academy!

Outside of the classroom, you may have seen me working at my summer job, painting faces, wrapping hair and applying tattoos at Hershey Park. Then in the fall I work as an instructor for the color guard of a competing marching band. Last year the band won the Cavalcade of Bands championship at Hershey Park Stadium! We are working hard to hold that title.

I am very excited for this school year and have already seen the Kindergarten students enthusiastically learning!
