PICTURE OF SUCCESS

Fifty Years of the National Historic Preservation Act in California

The National Historic Preservation Act (NHPA) marks its 50th year in 2016. Signed into law on October 15, 1966, by President Lyndon B. Johnson, the NHPA established the legal framework to help preserve the places, objects, sites, and traditions important to our shared heritage.

To commemorate this important anniversary, the Office of Historic Preservation invites local and tribal communities, agencies, and organizations to share NHPA-related successes, in pictures and words. Share your pride about preservation!
