

February Ambassadors Corner

“February --- the Month of Love”. While true for many, “Love is in the air” 365 days a year for the Alamogordo Chamber Ambassadors! That’s because we love what we do! Whether it’s attending the opening of a new addition for a current business, such as the new Medication Disposal Drop-off at Alamogordo Police Department or the excitement of welcoming a new business to our community like Albertson’s Market, we love Ribbon Cuttings!

There are two great monthly networking events; we love being a part of Business After Hours (BAH) & Food And Networking (FAN) Club! Thank you to our January’s BAH Sponsors: Vision Ford Lincoln, Inc. and Pioneer Abstract & Title Company of Alamogordo, Inc. and our FAN Club Sponsor: Big Brothers Big Sisters of Otero County, and breakfast host Margo’s Mexican Food for the opportunity to help us welcome all our special guests!

Along with our regular duties, we also love supporting chamber-hosted special events. We hope you had the opportunity to attend this year’s Prime Time Business Expo on January 9th – a smashing success! Plus, we personally congratulate Business of the Fourth Quarter: Love INC of Otero County, and Associate of the Fourth Quarter, Linda Rardin of First Savings Bank!

We love our Jr. Ambassadors! These young people are tomorrow’s leaders, giving selflessly to our community today! If you took the opportunity to attend the “United for Goals” Flag Football Charity Event in January, you saw our boys and girls out volunteering on the fields, keeping things picked up, selling prize tickets, and assisting concessions for United Way of Otero County!

Being a Chamber Ambassador is fun and exciting, but more importantly, it’s rewarding! If you’re a business owner who is interested, or if you have an outstanding, dynamic team member who you would like to represent your business, learn more about our nomination process by calling Ambassador Recruitment Chair, Michelle Brideaux, at 437-8400. To become more involved in our community through Chamber Membership, contact any Ambassador, or call the Chamber at 437-6120.
