Transform Your Consciousness

This eight-week course will help you to step into a life deeply rooted in ancestral wisdom.

Your experience is based on revelations derived from your own unique path, as revealed by deities and the ancestors, as well as the rituals provided for your transformation.

As part of The Diamond Path course you will receive two readings:

OBSTACLE CLEARING

This reading determines the most significant source of **obstacles** in your life. Once this source is determined, you will be given unique rituals to transform the energies that are causing imbalances in your present life. The first four weeks of the Diamond Path course will support you on this journey as you remove these major blockages.

THE SOUL'S MISSION

In this second reading the ancestors, often along with your Higher Self, reveal your mission for this present incarnation based on a contract you forged long ago.

To be ignorant of your mission is to be deprived of the guidebook that informs your life.

To step into your mission is to be aligned with the ultimate source of your power, joy, and fulfillment.

The last four weeks of the Diamond Path course will help to assist you in stepping into your mission!

Workshop dates: Sundays 12PM-5PM on March 8, 15, 22, 29 & April 5, 12, 19, 26.
