

## Vendor Managed Inventory (VMI)

Dibert Valve and Fitting's VMI program ensures you have the products you need, when you need them.

### What is a Vendor Managed Inventory?

We **manage your inventory** continuously to ensure you always have the product you need on hand. This includes:

- Inventory Optimization
- Organizing
- Labeling
- Reordering
- Restocking
- Technical Support

We integrate with your existing system to help you **streamline** and improve **efficiency**.

### How do you benefit?

- On-site, 24-7 availability of your most-used Swagelok products
- Reduce item usage through optimization and by eliminating hoarding.
- Eliminate stock-outs - reduce downtime
- Reduces costs associated with maintaining inventory
- Reduce overall transaction fees
