### Testimonials

*"Carmen LOVED your class! We recently had a large family meal. Carmen's manners were impeccable, except for some slightly too loud singing of Grace. Later on, she privately told me she noticed some people not keeping their mouths closed while they chewed. She informed me that she learned it was not OK to correct people in front of others."*

*"More than just teaching about manners, the Modern Manners class really helped my kids understand why we have manners. The kids had a great time and you provided a relaxing and enjoyable atmosphere for learning. A month later, they are still reminding each other about particular rules of etiquette, especially when dining away from home. Thanks for a great and lasting experience!"*
