

### **Focus of the Vision**

This project will focus on ways to:

- Improve the safety of the intersection and Academy corridor, by addressing concerns identified in the safety assessment for vehicles and pedestrians.
- Increase the mobility and relieve traffic congestion at the Hancock / Academy intersection.
- Correct geometric and transportation infrastructure deficiencies at Hancock/ Academy intersection, and lane imbalances on Academy Blvd.
- Develop multi-modal access opportunities to local business, residents, and community resources.
- Address transit facility issues to improve local service, facility locations, connectivity, and access for users.
- Develop complete pedestrian and bicycle networks.
- Address the goals of the GSP and Academy Action Plan for economic revitalization related to multi-modal access improvements.
