

Project Refill Program Application 2014-2015

Application due Friday, February 27th, 2015

To ensure the installation of water bottle refill stations at selected schools is a springboard for waste reduction and ecological literacy, this application asks questions about your school team and their commitment to promoting the use of the new refill stations. **In order for your school to receive water bottle refill stations you must fill out the information requested in this application.**

Team Expectations

Please check to acknowledge your principal's approval regarding the installation of a water bottle refill station(s) at your school during 2015.

1. Who are your Water Champions?

Members of your school staff committed to completing project commitments.

Note: Stations will not be installed until [Fall 2015](#), keep this in mind when selecting your water champions.

Name	Role	Email

Need

2. How many water fountains does your school have?

3. List your top three locations for the water bottle refill stations, including why you would like to have it there.

Location	Why
A.	
B.	
C.	

4. How might a water bottle refill station make a difference at your school?

Project Refill Program Application Cont'd

School commitment

5. **What has your school already done to promote the use of reusable water bottles and/or tap water?** Check all that apply.

announcements

posters

assemblies (e.g., on impacts of bottled water)

do not use bottled water at staff meetings

do not use bottled water at parent nights and/or community events

make reusable water bottles available to students

Other e.g., campaign, water bottles removed from vending machine(please describe):

6. **How is your team planning to promote the importance and use of a water bottle refill station at your school? (Please keep in mind [timeframe](#) when planning)**

Successful applications will have at least 3 targeted initiatives. Out of the three one must be connected to an EcoTeam Action and one must be connected to teaching and learning in the classroom. For ideas on what this might look like please refer to the [Project Refill ideas and resources section](#) listed on the application website.

EcoTeam Action:

Teaching & Learning Action:

Action 3:

Additional plans (optional):

Please check to acknowledge your commitment to having evidence of your Project Refill related projects in your portfolio binder for the EcoSchools certification audit in Spring 2016.

Note: Connections could be made to the following portfolio requirements:

Waste Minimization: Example of a waste reduction and awareness campaign

Ecological Literacy: Examples of student work accompanied by the teacher notes

Health Communities: Example of a community project that shows learning and action
