

Marketing Book

This book will help YOU to generate more business!

Whatever you want to achieve in business, doing it without knowing how to quickly and effortlessly generate customers increases the degree of difficulty by 100%.

This book, "Are You Getting Enough Customers" is based on my 37 years of success in generating new and repeat customers for all kinds of businesses; for all kinds of products and services. It's about what works and it shows you step-by-step precisely what to do and say to maximise your sales results.

It describes a modern, effective and easy to replicate process. It's not about manipulation, hard selling or closing the sale.

Here's what you'll find in the
