Save Time and Frustration w/ Quick & Easy Setup

The Market Theme can easily be installed in just a couple of minutes. Upload it, activate, enter a few settings, and your online store is ready for you to begin adding products.

Built-in Shopping Cart System

Market Theme has its own self-contained shopping cart system. This means that you won't need the technical knowledge required for a typical ecommerce plugin integration.

Easy Point & Click options for customizing your store

Market gives you the ability to customize your store's layout, color scheme, upload a store logo, add a header image, and much more. All through an

Easy Product Management

Enjoy easy to use backend administration tools for managing products. To add products, just fill out a simple form with product info. (name, description,

Customer Feedback:

This store runs SO much more smoothly and 100x faster than the WP E-Commerce plugin.
