

Ten years ago I thought I was infertile. Now here's me, many years later with my two beautiful babies. They were both naturally conceived after years of "trying". Here's how it happened...

Dear friend

My name is Carol Andrews, and I'd like to share my story with you. It's a story of despair, hope, loss, sadness, longing and finally joy—not one, but two miracles!

Ten years ago my husband Lindsay and I decided it was "time to start a family". We had been married for five years, had saved up and bought our first house. We both had stable jobs. I was 34. My husband was 27. We were ready. We made the decision on our fifth wedding anniversary, 9 September 1994.

We have changed our names in our

story to protect our privacy and that of

our children.
