Think about this: I once spoke to a writer who'd had an idea for a young adult series for many years. The idea was about a school for witches. Sound familiar to you? Does the name Harry Potter ring any bells?

This writer had her idea BEFORE J.K. Rowling's first Harry Potter novel sold. But this writer didn't get around to writing her novel. She wanted to learn but she put off investing the money into the books that could have taught her. Now she's bitter and discouraged.

True story.

You can be a successful novelist because the *Novel Writing Made Easy System* will reveal to you, in detail, a writing process that WORKS.
