

## Learn the process of designing, creating and selling your very own board game...

Whether you're a board game design beginner or veteran... for virtually no expense AND using the secrets of the industry masters!

### Proven Design Secrets

Use one or more of our 65+ effective game mechanics and themes in your board game to ensure it is played again and again. These secrets are used by master game designers and are explained here for the first time.

### Low Cost Prototypes

Whether you want one game, 20, 500 or more to start we'll explain the methods of production including how to make one professional copy of your game for less than \$30.

### Board Game Publishing

It couldn't be easier to launch your game to a global market with our step by step guide. Also we have the board game publishing houses details and how to approach them for the first time.

### Get Started Today!

Is it possible to create your own board game like the professionals? The simple truth is that in 2012 it has never been easier... and we'll show you exactly how!

The screenshot shows the homepage of 'BOARD GAME CREATION'. The header has a logo and navigation links: 'Create Your Own Board Game', 'Contact Support', and 'Join Now'. The main banner features an image of board game boxes and the text: 'Learn the process of designing, creating and selling your very own board game... Whether you're a board game design beginner or veteran... for virtually no expense AND using the secrets of the industry masters!'. Below the banner are three columns: 'Proven Design Secrets' (with a grid icon), 'Low Cost Prototypes' (with a box icon), and 'Board Game Publishing' (with a checkmark icon). At the bottom, there's a 'Get Started Today!' section with a video player and a large blue arrow pointing right.
