I find learning any language especially Arabic very hard... I love your methodology... I find myself talking to the screen when I am watching the video, smiling like a child... but I find myself understanding and comprehending the knowledge and just enjoying learning...

...An extremely innovative, engrossing and interesting way to get acquainted with the Arabic language.

I have been learning Arabic on and off now for at

I am very surprised, pleased and challenged by this unique, clear, attractive and interactive way of teaching the Arabic language...I am especially looking forward to the higher levels. I can't wait, as I am very curious...

I really love this site since it is so motivating! The way it shows the leaderboard and combines every users points makes it feel as if we are all learning together. it really motivates me to learn and come back to this site! I love how learning Arabic has been made into a discovery journey...
