

167 Photoshop® brushes: Wedding set

My name is Silvia. I am a photographer and a graphic designer! I worked for **15 years as professional web and graphic designer**, I made it to Art Director in one big graphic design company and won a great deal of graphic design competitions.

And all this would not be possible if it wasn't for one thing: my custom created Photoshop® brushes. I realized, pretty early, that Photoshop® brushes, when done well, can be used and re-used in unlimited number of times, in unlimited ways to speed up the process of creation in Photoshop®. And that one, simple fact made my life so much easier.
