**You Like Tetris, Sudoku, Lines, and Logic? *Gems 3D* is for you!**

**Gems 3D** is a game of logic, chance and organization. With each turn 3 gems fall on the playing board, and player gets a chance to move one gem in order to form lines of 5 or more gems. Once a line is formed the gems that combine it disappear, player scores points and gains free board space. The game goes on until the entire board is full.

**Objective** of the game is to play as long as possible and to score the highest score imaginable! There is a mobile version available for *Gems 3D*, and there are many great [mobile casino](#) games and regular games available for you smart phone today.
