

Many small business owners have the skills to conduct a quick and easy market valuation all by themselves. Our Do-It-Yourself Kit can help. Our information packed DIY Kit shows you how to conduct a Market Value Analysis of a small business with annual revenues less than \$1 Million.

“

These days there are scammers everywhere. I've heard horror stories from clients that have paid for valuations that weren't worth the paper they were printed on. Some paid over \$30,000 for "valuations" from slick-talking guys that made big promises at fancy seminars. Others paid \$2,500 or more for "appraisals" that looked like form letters. The common theme among most valuations conducted for small businesses is
