SpeechSchool.TV is a subscription-based, internet TV Channel that is the result of over 30 years learning and practice in the area of English speech training and voice coaching. We are based on campus at a major University and have students from over 59 different countries.

Gain respect and confidence:

Whether you're a first or second language speaker of English, now you can **speak more clearly, neutralise** a foreign accent, **overcome speech problems** (eg. mumbling, stuttering) or make your **presentations sparkle!**

How does it work?
The online training is made up of four dynamic and interactive components:

1. Weekly 10-15 minute TV training show hosted by a professional voice coach.
2. Downloadable exercises based on the training program to practice each day.
3. Downloadable audio files for practice.
4. Speech coaching sessions with a professional voice coach.
