**Horse Racing Betting System E-books**

Users of our e-book systems [Cherry Picks](#) and [Cherry Lays](#) need to be able to monitor the racing during the day in order to manually calculate the selections and place their bets a few minutes before the start of each qualifying race. That's the most important time to observe price changes on a betting exchange as it's when the vast majority of money is traded. It's therefore the best time to get a good idea of what the collective opinion of the race outcome is.

"Set and forget" or "night before" systems don't take into account crucial factors changes in weather conditions, jockey riding up to the race etc. These the price fluctuations that occur just
