## **Missing Dog Found Thanks to Community Volunteers**

Alex, a blind and deaf 15-year-old Husky, has been returned to his home, thanks to a team of volunteers in the Folsom community.

Community volunteers joined forces with the City of Folsom's Animal Services Department to find the lost dog, who was missing for nearly a week. Alex and his "sister" Honey escaped from their residence near Vista del Lago High School, and the two became separated. While Honey returned home shortly after the escape, Alex remained lost.

A Folsom resident who saw the City's Facebook posting, found Alex wandering in open space about two miles from his home. Alex is now home, safe and sound, with his family and Honey.
