San Bernardino Countywide
Gangs and Drugs Task Force

Mission Statement

The San Bernardino Countywide Gangs and Drugs Task Force (GDTF) is a leadership group committed to the mission of advocating the ‘prevention and suppression’ of gang involvement and drug use throughout San Bernardino County. This collaborative leadership consists of law enforcement, education, criminal justice system, elected officials, private enterprise and the community at-large.

The GDTF provides grant opportunities for non-profit individuals and organizations that are providing programs to help prevent drug abuse and gang activity among the County’s at-risk youth. Programs offering service or enhancement to an existing service will be exclusively considered for funding, allowing expenditure of funds for programming, equipment or expenses related to cultural and/or recreational activities.

Application Specifications

- Applications may be obtained from any Gangs and Drugs Task Force Executive Board Member
- Organizations or individuals may submit an application once annually. (Except during dark months of July/August)
- Grant applications will be considered for three categories—Evidence-Based Programs, Non-Evidence-Based Programs and Case-by-Case basis, and will be awarded as follows:
  - Evidence-based Programs: $2000 maximum
  - Non-Evidence-based Programs: $1000 maximum
  - Case-By-Case Basis: $500 maximum

Application Review and Award Specifications

- The Finance Committee reviews applications that are received prior to the 1st Wednesday of each month. Applications received after this date will be reviewed and considered for the following month.
- The Finance Committee reviews applications and recommendations are presented to the Executive Board for approval on the 2nd Wednesday of the month. Upon approval, you will be personally notified via email.
- Successful applicants will be funded a MAXIMUM of (1) AWARD ANNUALLY, during the fiscal year*
- Funding is awarded contingent upon current fund balance(s) and Executive Board discretion.
